National Nuclear Security Administration  
Washington, DC 20585

JAN 31 2007

MEMORANDUM FOR: David R. Hill  
General Counsel, HQ

FROM: Craig A. Tucker  
Assistant Deputy Administrator  
for Secure Transportation

SUBJECT: 2007 Annual National Environmental Policy Act Planning Summary

In response to your memorandum dated December 12, 2006, the following information is provided for the NNSA Office of Secure Transportation (NA-15) in Albuquerque, New Mexico.

**Status of Ongoing NEPA Documents:**

No Ongoing documents

**Expected Environmental Impact Statements Within Next 24 Months**

No Environmental Impact Statements are planned in the next 24 months.

**Expected Environmental Assessments Within Next 12 Months**

None anticipated for the next 12 months

**Evaluation of Whether A Site-wide Environmental Impact Statement Would Facilitate Future NEPA Compliance Efforts**

Real Estate operated by the Office of Secure Transportation are scattered through out the United States. Because of the varying environments, it is not practical to prepare a programmatic NEPA document and would not facilitate NEPA compliance efforts. For this reason, NEPA reviews are performed site specifically. The operations of the Office of Secure Transportation have been evaluated in programmatic documents (Stockpile Stewardship and Management, Pantex Site-Wide and the Sandia Site-wide). Supplemental Analyses have been prepared for those documents. Current Operations remain bounded by the programmatic NEPA documents.

Please direct any questions regarding this summary to Jeff Robbins, NEPA Compliance Officer, at (505) 845-4426.
